

Words from Our Mayor

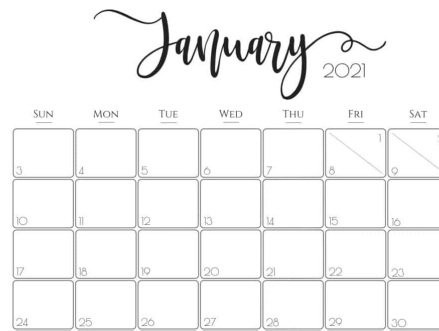

It would have probably been about the same time last December that I took pen to paper to write my Mayor's column. No one could have envisioned where we would be today. We had all just finished celebrating Christmas the New Year was on the horizon and again we were preparing to ring it in when a new virus became news.

Dealing with a global pandemic and new laws without any previous experience was definitely a challenge for every level of government and every citizen.

To all of our businesses and residents who adjusted your lives and livelihood to follow all the Covid rules, I would like to say, "Thank you very much." I know at times it was not easy, but through all your efforts we were making a safer community environment for everyone. Your resilience through these trying times helped our community grow and prosper. Council and administration will endeavor to continue to create an environment for both businesses and residents to prosper.

May 2021 bring you all good health, happiness and prosperity. On behalf of council, administration and our families, please stay safe and healthy.

Better times are ahead!!!

Wipes Clog Pipes!

Place these items in the **TRASH** and **NOT** the toilet:

- Disinfecting wipes
- Paper towels
- Baby wipes
- Towelettes
- Mop refills

Please Don't Flush ANY type of Wipe Down the Toilet!

The label might say, "flushable," "disposable," "sewer and septic safe," or "biodegradable." The wipe size might be smaller. It makes no difference, because wipes can still clog your toilets and possibly cause a sewer backup into your home.

Trash and debris block our wastewater pumps and valves. An item might say "biodegradable" but it may block your sewer line before it has time to disintegrate. Our staff has to open the valves and remove the trash by hand.

Your efforts will help keep our wastewater system running smoothly and reduce maintenance costs.

Thank you!
