

Words from Our Mayor

Wow! Another month has passed. I hope this newsletter finds you all healthy. The Covid virus has surely been a scary issue throughout the month of May. Positive cases, hospitalizations and ICU admissions were all rising. The glimmer of hope is that vaccinations are also up and with it the light at the end of the tunnel is getting brighter.

On my early morning walks, I have spoken with many residents and enjoy chatting with them all. We are so fortunate to live in a community where going for a short walk can turn into a long one, timewise.

We are also fortunate to have groups that give their time to help our community grow. From upgrading the clubhouse at the golf course to installing new cabinets at the library. These are just a few projects but to all of the groups in and around our community, thank you. It is this spirit that makes us proud to call Two Hills our home.

By the end of May, Council will have to set the new mil rate. Our overall assessments are down an average of 4.4% from last year. Again, with a mil rate increase you may not see an increase if your assessment has gone down. If your assessment stayed the same or gone up you may see an increase.

Due to the continuation of Covid, Council will work with property owners on tax payments. As I write these columns beforehand, the plan to help will be available through the Town website or by calling the Town office.

Until next month, please get vaccinated when you can and remember that we are all stressed, so please be kind to our friends and neighbours.
