

1. Budget finalization: we have finalized the budget and prepared all necessary bylaws.
2. Audit prep : All documents are sent to the auditor SFE's are complete.
3. Smart MTX: The conference has been a success more information will be presented by Bob and I at future council meeting
4. Meeting with Ed Macnab, 3DPHC - 3D Printed Homes Corporation : Looked at the benefits of a house build with this technology using our local contractors.
5. Dr. Ananth Seshan, 5G Energy Ltd. - conference highlight : legacy machines at SMMs are capable of being digitalized at an affordable cost by analyzing high-frequency signatures of the operational electric current drawn with an AI-based pattern recognition algorithm. This means that our existing manufacturers are able to automate for \$300-\$500 worth of hardware.
6. Meeting with Local Artisan and EDO : there is a several artists that would like to setup shop in Two hills. We are working to help them establish in Two Hills.
7. Meeting with Invest Alberta: We are finetuning the available Town owned land map to be presented to potential investors.
8. Signed ACP contract for municipal restructuring study grant
