

1. **Municipal Affairs Meeting with Linda Reynolds:** They are able to meet with us in person on July 14<sup>th</sup>, the time will be either 10-12 or 1-3, her assistant will let us know next week.
2. **Chronicle Building Demolition:** The Demolition plan is complete; the Health and Safety Committee are working on the specific Job Hazard Analysis sheets for the scope of work and then we will be prepared to submit to Alberta Environment and OH&S. Public works members are taking the required training this week. (webinar)
3. **Water Meters:** We *finally* have a firmware fix and we can start our meter change program next week!
4. **Hall HVAC System:** Concrete has been poured and everything is set for delivery of the unit. We have put off installation until the first week of September due to rentals at the hall. Contractors have been notified.
5. **Paving:** Paving near the hall is 90% complete! The Crack filing & sealing will begin this week.
6. **Tax Notices:** Notices have gone out and those on the monthly plan have been notified of the difference in their balances.
7. **Water/Wastewater Grant:** Looking into the water/waste water partnership grant which would cover 70% of our cost to clean the lagoon next year.
