

Words from Our Mayor

As May ended, we saw a provincial election in Alberta. The UCP was re-elected to power primarily by rural Albertans. Hopefully this will translate into more funding for rural communities. This would allow us to tackle infrastructure deficiencies that we all have.

It was brought up at our last council meeting that the Canada Day committee was struggling to find volunteers. To put on events, volunteers are needed so that they can run smoothly. If you can help out, please reach out to Keegan Thompson or any other committee member.

In Alberta we have seen a very unusually dry spring which has led to many wildfires. Dry conditions are everywhere so please use caution when using all terrain vehicles. Fire bans are in place so please, please do not burn. One spark and an area could very quickly be consumed by fire.

Council is searching for a company to assist in looking into the viability of restructuring. This will be achieved by a grant which we received earlier.

As always stay safe and please treat your neighbors as you would treat yourself.

HOW TO TRIM TREES - DIY

WHEN DIY TREE TRIMMING IS OK, AND WHEN IT'S NOT

Want to trim a small tree with lightweight branches and a canopy at eye level? Go for it! However, you should not attempt to prune a tree if you have to climb a ladder to reach the branches.

HOW TO TRIM SMALL TREE BRANCHES YOURSELF

Let's start with the steps to trimming just one branch, then get into pruning a small tree. To trim a branch: Make sure your pruning tool is sharp and clean. Get to know the parts of the branch and tree.

HOW HOMEOWNERS CAN TRIM A SMALL TREE THEMSELVES

When you trim a small tree, the process of removing a branch remains the same, but other factors come into play. Make a plan for the branches you'll cut and the ones you'll keep.

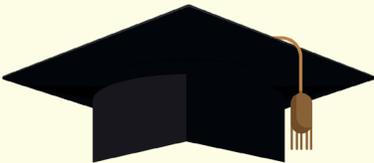

HOW DIY TREE TRIMMING CAN GO WRONG AND KILL THE TREE

One wrong cut won't immediately kill your tree, but pruning incorrectly or too often can. If a tree repeatedly loses too much of its canopy at one time, it can become weak or even die from the stress.

WHY YOU SHOULD AVOID TRYING TO TRIM A LARGE TREE

You may have noticed the theme here is all about trimming small branches and trees. There's a reason for that! Attempting to prune heavy branches or a tall tree is not recommended.

Congratulations
