1. **Risk Management Session with 13 Ways.** Council & I had our 3rd one day workshop with Doug Griffiths & Golnaz Azimi on Monday October 5th, continuing to deal with risk management in our municipality for infrastructure replacement. The sessions are so beneficial and have provided us with more tools and more to think about. It will really help us planning for the future of the Town.
2. **Two Hills Swimming Pool.** Insurance has informed us that they will not be covering any of the cost to fix the damage to the roof caused by water leaks. The swimming pool authority has met and have made the tough decision that they will not be able to fix the pool roof and the building needs to be closed down. Insurance does not want to pay to remove the roof. I am working on trying to get insurance to pay to remove the roof (estimated at \$35-40K). The roof has to be removed to be able to take down the scaffolding. This would be an extra cost for us.
3. **Municipal Stimulus Program (MSP).** No word yet from Municipal Affairs about our application to use the \$171,000 for crushing of concrete. We have decided to wait until spring to crush the concrete so that we have the money for the project.
4. **Municipal Operating Support Transfer (MOST).** This new program is how municipalities will receive the operating funding announced on July 17, 2020, as part of the Safe Restart Agreement between Alberta and the Government of Canada. MOST is designed to be a simple and straightforward program with few restrictions or administrative requirements. Municipalities will receive their funding shortly after execution of the funding agreement (sent September 30th), and no application is required. The funds may be used to support additional costs or revenue shortfalls associated with the COVID-19 pandemic and actions taken in response to it. The Town of Two Hills is to receive \$151,117.

RE: INVESTEMENT & GROWTH; ALBERTA REGIONAL ECONOMIC DEVELOPMENT ALLIANCES

Dear Minister:

Alberta's Regional Economic Development Alliances (REDAs) were created to stimulate long-term economic development and growth strategies in Alberta's rural and urban communities. Now, after 20-years of collaboration and team work the nine Alberta REDA's celebrate 250-community members and industry partners.

In conjunction with membership fees and strategic partnerships, the Alberta REDA's have survived and progressed by leveraging the provinces annual investment. REDAs provide customized service to communities and industry, they have a proven track-record of attracting investment into key-markets, and consistently bring new technologies and innovation into the strategic plans of municipalities. The coordination of REDA's provides strength, increases capacity, and attracts investment that was previously considered out of reach.

The Town of Claresholm has been a member Alberta Southwest since its inception nearly 20-years ago. In early 2019, the Town Council agreed to join South-Grow Regional Initiative and become one of the first communities in Southern Alberta to hold dual REDA membership. The decision to invest capital in two REDA's during such an uncertain economic time was met with no resistance. It was a decision based on the practical benefits of teamwork, leveraging the limited resources available, and the impressive performance that is still being delivered today. Alberta Southwest and SouthGrow have allowed Claresholm Economic Development to thrive.

Reducing the REDA investment by 50%, and limiting the agreement to 3-years will diminish returns at even greater proportions. The Town of Claresholm Council and the Claresholm Economic Development Committee urge the Honourable Doug Schweitzer, Minister of Jobs Economic and Innovation, to work with our governments and industries to carry out the investment and growth strategy and restore the full \$100,000 annual investment to the nine Regional Economic Development Alliances' of Alberta, and extend the contract to a full 5-years.

Economic Development Committee (EDC)**HUB - Regional Economic Development****Sept 17 Hub EDO meeting**

Alberta Hub made the top 20 selection locations in Canada.

Hub is going to be doing marketing videos next year of the region (eg) Town & county of Two Hills

MD of Bonnyville is going to be marketing their area as cottage country.

Drone Companies are looking at coming up the corridor from the south, only hold back for the area is the lack of broadband. Hub site is lacking info on land information. The EDO's felt the only way to sell your community is through the regional hub.

Sept 28 Hub Board Membership Meeting

Discussions took place on per capital adjustments, consensus of the group was to not raise rates should be ok for now. Hub is solid for the next two years.

A manufacturing committee is being set up under the Hub umbrella

MCSnet gave a brief update on broadband in the Hub area and is willing to work with communities in this area.
