

- 1. Rollout of Non-Medical Masks.** We received 6,000 non-medical masks from the province at the request of council. 3 office staff spent the better part of 3 days putting masks into packages of 4 for distribution. 4 summer students spent last Thursday delivering 2 packs (8 masks) to each residence. There did not seem much appreciation or need for the masks, from feedback the students received.
- 2. Non-Medical Masks Packing Work Bee.** We received another shipment from the provincial government of 12,000 non-medical masks. Would it be possible to have council and other volunteers help out to make up the packages for delivery. They will need to be put into plastic bags of 4 masks per package. The work bee will take place at the Two Hills Regional Recreation Centre Lounge at a date & time to be determined. They can then be delivered by the summer students to each residence.

See attached CAO Action Tracker and Capital Projects Tracker on the following pages for ongoing items and requests.
