

## Words from Our Mayor

The end of July is upon us as I sit down to write the August Mayor's column. The days are getting shorter and the crops are changing as fall approaches. Here's hoping that we get a little moisture soon.

The Town has applied for a grant to build a playground. A site had to be picked to apply for the Grant: The site chosen is where the swimming pool was situated. The timeline for the grant applications were short but we are hopeful that we will be successful.

Paving has been completed and crack filling is being done. Hopefully, the county reclaimer will come soon and help prepare the streets for SB90 replacement. The trial run for our new water meters is coming to an end. Once we are satisfied that the new system works, we will start replacing all the old meters.

On the amalgamation front, administration and council had a very good meeting with Municipal Affairs representatives. They outlined the various steps to be taken. The Town has sent the minister a letter stating that we wish to seek amalgamation. The Town has also asked the County to have a joint municipality meeting as soon as possible. This meeting we hope, will include the Village of Myrnam. The ball is now in the County's court to call a meeting so that we can proceed. Rest assured residents will be kept well informed as we proceed down this path.

Here's hoping you have a great end to summer. As always please treat everyone as you would wish to be treated.
