

## Words from Our Mayor

Hello everyone. Welcome to February, the shortest month of the year. I was grateful for the first three weeks of January which were beautiful. This helped shorten our winter.

The dentist office changed ownership and should be opening again soon, we are happy to have a dentist operating in Town again.

Council and administration are working to bring broadband to town & we will be seeking public input from the residents regarding this. More people work from home and communicate using this technology, and we feel would be a great asset to our community.

The final phases of the ACE water commission will be completed by 2023. The town's portion is \$352,000 and will have to be debentured. For your information, the ACE water commission is a group of communities working together to deliver potable water. As a group, we are paying 12% of the total costs, while the province and federal governments pay the rest.

Covid-19 numbers are slowly moving in the right direction, "down." With vaccinations beginning, we still must follow all Alberta Health Services guidelines. Please remember this is not a sprint but a marathon, and only together we can finish this marathon. Like everyone, we have come too far not to see it through. This "Gedo" longs to hold his little granddaughter.

Till next time, on behalf of Administration, Council and our families, stay safe and healthy.
