

Words from Our Mayor

Hello again everyone. Another month has come and gone. As I write this column, we are enjoying a warm spell that is soon to be replaced with a taste of winter. Just a quick shout out to Public Works for removing the snow from the last snow storm quickly and efficiently.

Town council and many members of county council had a chance to talk to the Minister of Health and our MLA. SAGE closure plus a few other areas of concern were raised. Options for reopening SAGE were given. Council feels that these options may help the SAGE unit open quicker. I would like to thank our MLA for helping us to have an opportunity to talk to the Minister.

Several town council members, county council members and the general public attended an open forum on local policing. Police members present were introduced to everyone. Many topics were discussed but I think one of great importance is the new Alberta Police force proposed by the provincial government. It seems that the present government is going to implement this new, provincial police force. Your council is afraid that if this should happen, our local detachment will close.

Members would be stationed in the larger urban centers. This would increase wait times and give us less police protection for our area. I would urge you to all send a message to our MLA stating that we wish to stay with the present system of policing. Council has already done this but we hope with your help, we won't lose this valuable resource in our community.

Tragedy struck our community in the form of a house fire. To everyone who was affected by this terrible event, I send my heartfelt sorrow. Thank you to all the first responders, plus other fire departments that were involved.

Before I close, I would like to thank Lilly and Laura Cripps, two air cadets that assisted me in the laying of the town wreath on November 11.

As I end this month's column, I would like, on behalf of administration, public works, town council and our families, to wish you all a joyous holiday season.
