

## Words from Our Mayor

As we move through September, I hope for great harvest weather so our rural neighbours can get off what little crop there is. The hot dry summer was kind though to our Public Works department. They are continuing with our ambitious program of road and sidewalk upgrades. Your continued patience is greatly appreciated.

As July ended and August began I developed a health issue. I would like to extend my appreciation to all the doctors, medical staff and hospital staff who helped me through my ordeal. One does not realize how fortunate we are to live in a community with these amenities till one has to use them. Also, during this time, a lovely lady made my day by purchasing my loaf of bread as I chatted in line at the grocery store. As you all know, I love to talk. With all this, I am indeed blessed to live in this beautiful caring community.

Our community again was struck by hooligans who vandalized our museum site. These reckless individuals seem to have no sense of decency as they destroy what others try to preserve. Again, our community has stepped up. To those involved in this effort to open up the museum grounds, thank you so much. Your kindness and generosity, is what holds and builds a community. To the vandals, you will be caught and not only will you be judged by the law, but the community itself.

As with almost all my columns, I would like to address the Covid-19 situation. The province has opened up and thus our case counts are rising. The new variant strain is more contagious and deadly, than the Covid-19. The largest portion of new infections are people who are not immunized. Please get your vaccine. It's free. Help save yourself, a family member, a friend or our community from this virus.

September 20 2021 is nomination day for candidates who wish to run in the upcoming municipal election.

Till next month please stay safe and treat others as you yourself would want to be treated.

September 30<sup>th</sup> 2021

As you may be aware, the government recently passed legislation to make September 30<sup>th</sup> a federal statutory holiday called the National Day for Truth and Reconciliation. Like all Canadians, this day provides an opportunity for each public servant to recognize and commemorate the legacy of residential schools. This may present itself as a day of quiet reflection or participation in a community event.
