

April 2025

HAPPY EASTER

Letter from the Mayor

The Town of Two Hills Together with the County of Two Hills will pay for the remaining 25% of the funds needed to complete the new ice pant and solar project the Two Hills Agricultural Society is undertaking. The Ag Society and the Town were able to obtain grants for 75% of the necessary upgrades.

I would like to express my gratitude to county council for becoming a partner in this valuable project. Thank you! Thank you! The solar and EV charging should be up and running by September. The new ice plant should be installed by late November or early December.

Once the frost leaves the ground, road repairs will begin along with the construction of the new public works shop. To the residents that live on 54 avenue, public works has stated that the drainage of water from melting snow and rain is overland drainage, and this is why the SB 90 road surface does not last. The road will be redone with SB 90 this year again. It will be up to the new council to find a solution to this continuing problem.

The Alberta Government has set the rates for the 2025 AB Education portion of our tax notices, and it has increased 8% for the Town of Two Hills, unfortunately, we have no control of that. We will be working on our final 2025 Operating and Capital Budgets this month and plan to keep any increases to a minimum.

Till next time, please treat everyone the way you would wish to be treated.

Leonard Ewanishan, Mayor of Two Hills
