

# OCTOBER 2025

## Letter from the Mayor

As of late September, our solar panels are now generating power. While the system was ready earlier, we were awaiting meter installation by ATCO to enable power to be sold back to the grid. We're optimistic this will help us achieve net-zero energy usage over the year.

The new Public Works Shop is progressing well. While some concerns have been raised about the exterior colour, it does not affect the building's function. Once complete, the facility will be a visible and valuable asset to our community. Most capital projects for 2025 remain on track for completion.

Congratulations to Michael Tarkowski, our new Mayor. With eight candidates running for four Council seats, residents have a strong field to choose from—please remember to vote on election day.

As this is my final newsletter, I want to thank everyone who supported me during my eight years as Mayor. To my wife Pat and our family—your love and support were everything.

As I sign off, I leave you with this: treat others as you wish to be treated, life is too short not to.

Sincerely,

Leonard Ewanishan  
Mayor, Town of Two Hills
