Compensation

It is our intention that this Performance Evaluation allows for fair and equitable compensation adjustments based on a review of performance in achieving mutually identified priorities and on the elected body's level of satisfaction with the CAO's overall performance. To ensure the review is balanced and fair, the Linking of the Council's Strategic Goals with the CAO's Goals, at the outset of this form, and at the close of this form, make the expectations clear.

Quarterly and mid-term reviews *without any consideration of compensation* ensure that expectations and performance are on track and openly communicated.

This full-term evaluation has been used to evaluate the level of performance satisfaction for the entire performance period. In addition to this full-term evaluation, compensation decisions may be based on:

- the economic climate of the municipality and community;
- the general status of compensation decisions in the private sector of the community;
- compensation decisions for other employees of the local government;
- a review of the competitive position of the local government in the local government's market area; and
- a comparative salary review.
